ET. Chronicle Office over W. H. Bryarly's Store.

J. H. MALLORY, wants to sell his tavern stand and ferry, at Port Royal. See advertisement.

AN error occurred in the Rail Road advertisement last week—it will be found corrected so as to read the 23d of May instead of the 1st.

DYE & SMITH, Real Estate Agents, offer many valuable and desirable lots, in different parts of the city, for sale. See advertisement and bills for particulars.

AMONG the many improvements that have recently been made in the business houses around town, none perhaps, is more noticeable than that just completed by our friend, Mr. Sam. Simpson, in his Jewelry store. He has had his house run back some thirty feet, and the whole of the ground-floor is now in one room. The show-rooms have been lowered to a much more convenient height than before, and have been set off with the very best quality of show-cases. These cases are made of silver-plated frames, and the finest plate-glass, and are very beautiful. When the improvements shall be thoroughly completed, as they will be soon, this will be as handsome a store as can be found in the State. Besides the elegant arrangement of the house, Mr. Simpson has now on hand one of the largest and most varied stocks of Watches, Jewelry, Silver and Plated Ware, that is to be found in the South. His stock of Jewelry embraces all the finest and latest styles, including some of the richest sets we have ever seen. The stock of Diamond ornaments is particularly attractive. We were surprised, too, at the extent and variety of his silver ware and silver-plated goods. Full sets, large and small, and single pieces of every kind are now offered, and they are warranted to be the very best made, and being obtained from the manufacturers, can be sold unusually low. In the way of watches, Mr. S., is prepared to supply the finest made in the world. All of his fine movements are made to order, and expressly for him, in the best English and Swiss factories, and they are sold with full guaranty.

We are really proud that our town can boast of such an establishment as Mr. Simpson's, and hope every one about here who wants fine Jewelry, Watches, knives and forks, spoons, silver-ware, or anything of the kind, will patronize this excellent home establishment.

The accounts of the tobacco crop from all sections about here, are very discouraging to hopes of anything like a large crop. All the early plants, nearly, are said to have been killed, and where a second growth of plants has been obtained, the planting will be so late as to render the curing of anything like a full crop next to impossible. Such is the account we have from farmers, from every direction. We hope the crop may turn out a better one than they think it will, but the fact of a shorter crop than usual, we reckon, may be regarded as settled. The wheat crop they say, too, looks rather sorry, owing to the injury from the intensely cold winter.

We dropped into the new Hardware store of Messrs Fall & Turnley, a day or two since, and took a look through their stock. We were really surprised at its extent and variety. In every department it seems to be thorough and complete. Every conceivable article of hardware seems to be comprised in it, while the stock of Carpenter's, Coopers', and Blacksmiths' tools is very full. Among these tools, we saw some of the finest finish, and quality, that can possibly be gotten up. Besides these goods, they have a full supply of table-ware, pocket cutlery, guns, pistols, fishing tackle, &c. In the way of guns and pistols, they can show something decidedly extra. This house is in the hands of two clever, energetic young men, who served a long apprenticeship at the business, and are thoroughly competent to conduct it. They have commenced on an extensive scale, and intend to keep at all times, a full and complete assortment; and we hope they will enjoy a patronage that will fully justify the execution of this design.

BRYARLY & McCAULEY, announce to the public, through their advertisement, that they have a large and complete assortment of Drugs, &c. Give them a call.

DRAMATIC ASSOCIATION.—We are glad to learn that the Young Men's Dramatic Club, are still going forward energetically, in the study of an entirely new play, and from what we have seen and heard, we believe the next representation will far surpass the two previous ones.

Mr. S., is closely engaged in painting an entirely new series of scenes throughout, and we doubt not the enterprise will meet with a still more liberal approval than heretofore.

Chloride of soda mixed with eight times its quantity of water, is an invaluable remedy for burns. It is, indeed, almost a specific.

We omitted in our last issue to notice the second entertainment by the Dramatic Club of this City. This was again, *Venice Preserved*, it being repeated at the request of a large number of our citizens. The cast of characters was the same as on the first occasion, and it was fully as well if not better performed, than at first. The audience was even larger than the immense one in attendance the first night, and their verdict was one of unconditional approval.

We do sincerely hope that this Association may be sustained. These dramatic representations are not only a source of recreation and amusement to our citizens, but they constitute for those engaged in them a far more innocent pastime than they might otherwise resort to.

We are glad to learn that the Association have now in rehearsal another very excellent play which they hope to be able to present in a short time.

At a meeting of the Board of Trustees of the Clarksville Female Academy, held at the office of Dye & Smith, on the 23d April 1897, the following resolutions were unanimously adopted. Resolved, That after mature deliberation, it appearing to the satisfaction of the Board, that it is necessary to sell the property of the Clarksville Female Academy, to pay the debts thereon. I resolved, That the building and lot known as the "Clarksville Female Academy," situated on Madison street, be sold to the highest bidder, on the premises on the 16 (sixteenth) day of May next, on the following terms: One third to be paid in cash, the remainder in two equal annual payments without interest, and a lien retained on the property for the purchase money. Possession to be given on the 1st day of July next. The lot to be subdivided into five or more lots, or to be sold as a whole, as the Trustees may deem most advisable. And that J. M. Dye be appointed a committee to supervise and direct the sale. And that the same be advertised in both of the city papers, and by hand bills, and that Wm. M. Shelton, or some other surveyor be appointed to survey and map the same, and that the plot accompany the handbills.

H. F. BRADMONT, Pres. J. M. DYE, Sec.

In conformity with the foregoing resolutions I will sell the property as described, and refer persons wishing to purchase to the handbills. This property is not inferior to any in the city of Clarksville, being elegantly located in a beautiful grove of forest trees. There are about eight acres in all. This is a good opportunity to invest some fifteen or twenty thousand dollars.
